---

*Feel free to call and check on the progress of your dog, I recommend a weekly conversation starting the week after you drop your dog off at L'Escarbot Kennels and each week thereafter.*

**Training Contract**

1. I understand that I will be leaving my dog for training and that John Mooney, the trainer, is not responsible for injury, death, or loss of the dog.
2. My dog will be highly cared for and will be fed the dog food which you will provide or Diamond dog food provided by L'Escarbot Kennels at an additional charge.
3. My dog will be given medication that is prescribed by my veterinarian. John Mooney has the right to bring my dog to his veterinarian if he thinks it is necessary at my expense. (If you, the dog owner, wish heartworm medication to be given, it needs to be in a monthly, chewable dose [i.e. Heartguard].)
4. The cost for training my dog is \$2500.00 per month plus the cost of birds. When I drop off my dog, a minimum of one- half month's payment (\$1250.00) is required.
5. When leaving my dog, these guidelines will be followed:
  - a. I will arrive at my scheduled time as other appointments and training are scheduled around my appointment.
  - b. My dog/dogs **must be** on a leash when out of my car.
6. Some dogs can accept a great deal of training in 30 days, others are just getting started. John Mooney and the client will determine the length of time the dog will stay at L'Escarbot Kennels for training. The training depends on the individual dog and what I want from the training. It also depends upon how diligent I am with the follow up at home.

7. When I come to pick up my dog, I will expect to spend the time John Mooney feels is necessary for me to learn the techniques that my dog and John have used so that I will have the skills to follow through on the training.

The following is **required** before leaving your dog for training at L'Escarbot Kennels:

1. **Proof of shots - distemper, hepatitis, para influenza, canine parvovirus, corona virus, and bordetella (kennel cough).**
2. **Proof of recent stool sample - proving negative on worms or internal parasites is needed.**

\*There will be a \$50.00 (and the cost of a veterinary visit) surcharge if your dog tests positive for parasites once it is here. This charge only partially covers my time and inconvenience of a veterinary visit and the possible contamination of my facility.

Finally, a nonrefundable booking fee of \$100.00 is required when reservations are made and this will be taken off the training balance.
